## Point of Contact:

\*Same as Owner

## Key Design Features:

- Reconstruction of existing, off-site loop road
- Coordination with existing perimeter landscaping and bicycle trail system
- Design site for individual ownership with separate meters and services

## Project Description:

Beacon Square is a professional office campus located in Boca Raton; it is comprised of nine separate two-story buildings. Harris Engineering provided full engineering design and assisted with site plan approval process. Services provided include the design and construction review of the water, sewer, paving, grading, and drainage along with the reconstruction of an off-site loop roadway.
